Join D&I Changemakers Festival 2020

Your No. 1 Festival on Diversity, Inclusion and Values!

Over the past 5 years of D&I Changemakers we have been privileged to set new trends, share best practices, and help businesses manage diversity more successfully. In the process, we have also created the most important, annual D&I event in the world of business. Our goal is to share the best of up-to-date insights and fresh inspirations (based on research and daily experience of large companies), and finally, send a clear message – where we are and what D&I stands for today and tomorrow.

You can participate in the whole conference or in just one day or event. If you skip an event, you may always come back to it later!

Sessions with the participation of experts, among others:

Accenture, Akamai, AICPA, Alexander Mann Solutions, Aon, Bank BPH, Baran Książek Bigaj, Brown Brothers Harriman, CIMA, Franklin Templeton, Heineken, Hilti, HSBC, IKEA, International Paper, Jagiellonian University, Kemira, Luxoft, Mental Health Center, Mental Health Helpline, Municipality of Krakow, Philip Morris International, Shell, Sodexo, State Street, UBS, Volvo, and Diversity Hub.

Our Festival combines three perspectives:

ORGANIZATION & STRATEGY

FOR YOUR COMPANY: dedicated to top managers, D&I / HR managers, ERGs' leaders
